

LLCR TECHNOLOGIES LTD

COOKIE POLICY

For the LLCR Platform (llcr-app.uk) and LLCR Marketing Website (llcr.uk)

Last updated: 20 April 2026

1. WHAT ARE COOKIES?

1.1 Cookies are small text files that are placed on your device (computer, phone, or tablet) when you visit a website. They are widely used to make websites work, improve your experience, and provide information to the website owner.

1.2 We also use similar technologies such as localStorage (which stores data in your web browser) for the same purposes described in this Policy. When we refer to "cookies" in this Policy, we include these similar technologies.

2. WHO WE ARE

2.1 This website is operated by LLCR Technologies Ltd, a company incorporated in England and Wales under company number 17167813, with its registered office at 28 Beaufort Court Admirals Way, London, United Kingdom, E14 9XL.

2.2 For data protection enquiries, email us at privacy@llcr.uk.

3. THE LAW ON COOKIES

3.1 The use of cookies is regulated by the Privacy and Electronic Communications Regulations 2003 (PECR), as amended by the Data (Use and Access) Act 2025. Where cookies process personal data, the UK General Data Protection Regulation (UK GDPR) and the Data Protection Act 2018 also apply.

3.2 Under PECR, we must:

- (a) tell you clearly and comprehensively what cookies we use and why; and
- (b) obtain your consent before placing non-essential cookies on your device.

3.3 Cookies that are "strictly necessary" for the operation of the website do not require your consent. We explain below which cookies fall into each category.

4. COOKIES WE USE

We currently use a very small number of cookies. We do not use any advertising or tracking cookies.

A. Strictly Necessary Cookies

These cookies are essential for the Platform to function. Without them, you would not be able to log in or use the Service. We do not need your consent to use these cookies, but we tell you about them so you know what they do.

Cookie name	Provider	Type	Duration	Purpose
sb-*-auth-token	Supabase	HTTP cookie	Session	Authenticates your session so the Platform knows you are logged in. Contains an encrypted token — we never store your password in this cookie.
sb-*-auth-token-code-verifier	Supabase	HTTP cookie	Session	Used during the login process to verify your identity securely (PKCE flow). Deleted after login completes.

B. Preference Cookies

These cookies remember choices you make to improve your experience. Under PECR, preference cookies that are set in direct response to a user's request are exempt from the consent requirement.

Cookie name	Provider	Type	Duration	Purpose
llcr-theme	LLCR (first party)	localStorage	Persistent	Stores your light/dark mode preference so the correct theme is applied immediately when you open the Platform, without a visual flash.

C. Analytics Cookies

We do not currently use any analytics cookies. If we introduce analytics cookies in the future (for example, PostHog or a similar tool), we will update this Policy and ask for your consent before placing them on your device. Analytics cookies will never be activated without your explicit opt-in.

D. Advertising and Tracking Cookies

We do not use advertising or tracking cookies. We do not share cookie data with advertisers. We have no plans to do so.

5. THIRD-PARTY COOKIES

5.1 The only third-party cookies on our Platform are the Supabase authentication cookies listed above. Supabase sets these cookies solely to manage your login session. Supabase does not use these cookies for any other purpose, including advertising or tracking.

5.2 When you make a payment, you are redirected to Stripe's payment page. Stripe may place its own cookies on that page, which are governed by Stripe's own cookie policy. We do not control Stripe's cookies.

6. HOW TO MANAGE YOUR COOKIES

6.1 Because we currently only use strictly necessary and preference cookies, there is no cookie consent banner on the Platform. If we introduce analytics cookies in the future, we will add a consent banner that gives you a clear choice.

6.2 You can delete or block cookies at any time through your browser settings. Here is how to do it in the most common browsers:

Google Chrome: Settings > Privacy and security > Cookies and other site data

Mozilla Firefox: Settings > Privacy & Security > Cookies and Site Data

Safari: Preferences > Privacy > Manage Website Data

Microsoft Edge: Settings > Cookies and site permissions > Manage and delete cookies

6.3 Please note that if you delete or block the Supabase authentication cookies, you will be logged out of the Platform and will need to log in again.

6.4 To remove the llcr-theme preference, you can clear your browser's localStorage (usually found in your browser's developer tools). Doing so will reset your theme to the default (light mode).

7. CHANGES TO THIS POLICY

7.1 We will update this Policy if we change the cookies we use. If we introduce non-essential cookies that require your consent, we will notify you via a cookie consent banner on the Platform and, where appropriate, by email.

7.2 We will update the "Last updated" date at the top of this Policy whenever we make changes.

8. MORE INFORMATION

8.1 For more information about how we process your personal data, please see our Privacy Policy at llcr.uk/privacy.

8.2 If you have any questions about our use of cookies, please contact us at privacy@llcr.uk.

8.3 For independent advice about cookies and online privacy, you can visit the Information Commissioner's Office (ICO) at ico.org.uk.
